

NEW

24CV LED MODULES

The 20 PRO and COIN LED modules are now available in 24V DC constant voltage.

ELR COIN 24CV

Lumen Output
570lm

LED Power
4.5W

ELR 20 PRO 24CV

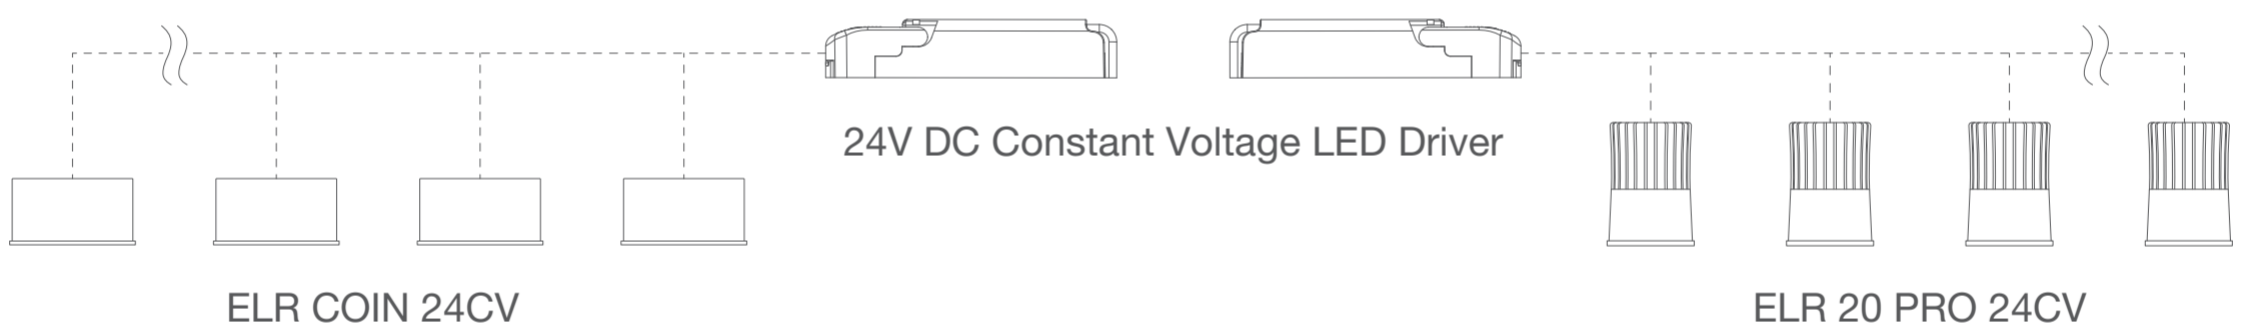

Lumen Output
565lm

LED Power
6.2W

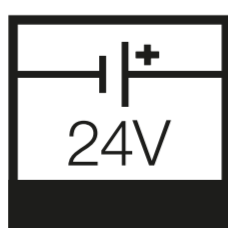

Multiple 24CV LED modules can be driven by a single LED driver.

24CV LED modules are built-in with Advanced Thermal Protection System that guarantees the LED lifetime.

The 20 PRO LED module now also comes with X-BEAM converging optics that maximises luminaire light output ratio.

Compatible with phase (leading & trailing edge), 0-10V, DALI or DMX dimmable 24V DC constant voltage LED drivers.
